Hold on
Time will save you
Believe in what I've sent you
Amen only you can save
Move on
Time won't save you
Belief is what I've sent you
Amen only you can save
Only you can save...

Only your crush with the innocence
Accept this fight
What you can't remember
Caught in the path of arrogance
DE-sanctify
Ever lasting surrender
Now incrimination - soon
Elimination
They want to bring me in for you
Eradication
A rampant nation
The world will never know
What you see in just like me
My will live

(Holding on cause time won't save you
Please believe in what I've left you
This amen is all that I can say
Moving on cause time won't save you
This belief is what I've sent you
This amen is all that I can say)

All that I can...
You caress the fire
In desire
My skin is yearning
The final push to purify
You deceive but
My core is at the rise
Elimination
Soon

Elimination
To bring the end for you
What you see in just like me
My will live

[Chorus]

Holding on cause time won't save you
Moving on cause I can't save you
HOLDING ON, PLEASE BELIEVE, THIS AMEN, YOU
Holding on, I'm moving on, save yourself, save...
Amen, En Paz
