You will never learn to stop falling down  
Unless you learn to stand up without shutting up  
You will never learn to start speaking up  
Unless you learn to arise (without) sacrifice

And now that I bleed for you (Give me life)  
And now that I side with you (I bleed)  
And now that I'd die for you  
But I don't know

How much more will take  
All is turning to grey  
How much more will you wait  
When it goes astray  
How much more can you take  
All is slipping away  
How much more till you break  
I know were not afraid

You will never learn to stop lashing out  
Unless you learn get up and start giving up  
You will never learn to start pushing out  
Unless you learn to take care through this (sacrifice)  
And now that I bleed for you (Give me life)  
And now that I side with you (I bleed)  
And now that I'd die for you  
But I don't know

How much more will take  
All is turning to grey  
How much more will you wait  
When it goes astray  
How much more can you take  
All is slipping away  
How much more till you break  
I know were not afraid

Give me life!  
You know that I'll bleed for you  
You know that I'll die by you  
Die by you!  
I wipe the blood that stains my face

Give me life  
I carve the wound to state my case  
Give me life  
I separate myself  
Give me life  
I separate myself  
Give me life  
Sacrifice  
Give my life  
I'll die by you...
