It's too bad that you have made mistakes.
Too bad that I cannot relate.
When all else fails
And all else fades.
I kept my word through bitter days
(through bitter days)

What you don't know.
Won't leave a scar.
What you don't know.
Hasn't killed you so far.
But you don't know.
Just who you are.
Still I just give you something to talk about.
What you don't know.

It's too late that now.
I've changed my mind.
Too late somehow.
To recognize
When all else fails
And all I find.
Are all my words.
Perdido in time.
(Just lost in time)

What you don't know.

Won't leave a scar.
What you don't know.
Hasn't killed you so far.
But you don't know.
Just who you are.
Still I just give you something to talk about.

So you lost yourself.
Turn to someone else.
Now you've given up your will that wants to know.
Then you find yourself.
But you're someone else.
In the end you only get what you deserve.
(What you deserve)

What you don't know.
Won't leave a scar.
What you don't know.
Hasn't killed you so far.
But you don't know.
Just who you are.
Still I just give you something to talk about.
What you don't know.
