Verse 1:

Hey everybody we're going to neils party
Got you a drink in the hand, one, one as the place to
have some fun got you a spliff in the other hand
Reach to the top but a riggaband
Rockin until the mornin light one as the place to feel
alright, and i said

Chorus:

All i wants for all the world to go away
Cuz lately things have been crazy
Whose gonna save me from myself

All i know there's no place like it and if you like it then i
might suggest you come around again
And im soo stoned that all the music that surrounds us
will remind me of the mess that we came from

Verse 2:

Then we go and throw it down for the world in
amazement what you think we're doin all this time in
the basement mixin the reggae the rock and the ska
punk and dub know that all i want is what i got nothin
else i require nothin else here that i need well the
smoke don't mean there's fire cuz the smoke here
smells like weed

Chorus

The show we don't stop cuz this night aint gonna start
up on it's own
Stil believin that there's freedom comin out of my
stereo and it's hard to define but it feels lkind of like
i've lost all sense of time and i can't go home tonight.
