Another child  
Fell to earth from guilt and lies  
Don't have no sense in life  
His time is wasted

In came the widow black  
It was a foul attack  
A letter written as goodbye  
It's all a lie

Courtney  
You killed Kurt  
You will go down - Be punished  
I'm the drugs you're abusing

Courtney  
You fucking cunt  
Yeah you broke up the mentors  
In the wrath of an army

You paid a man  
Known as Detective Grant  
Suspensions rose, But towards you  
You're diggin' gold

The gear for horse was wrapped  
3 times a deadly snap  
The shotgun calling out a name  
On who's to blame
