Hear us oh forces of darkness
we summon thee from the ebony abyss of hell
Black is the night
though the candles burn bright as this young virgins'
blood we shall spill
Gaze into the crystal see the swirling mist
we are servants of the powers that be
Chanting invocations
drinking from the skulls of the souls that were
slaughtered for thee
Kneeling at the altar calling out to satan
we pledge our allegiance with our lives
Demonic power signals now is the hour
and the bitch of christ shall die
Raise high the sacrificial dagger gleaming instrument
of death!
Burn the devil's cross into her flesh
plunge the blade into her terror stricken heart!
Her body writhes in ecstasy
Her mind screams out in agony
Causht within the sensation of death's embrace!

Consumnated in the fires of hell the demons' seed is
sown
In ravaged flesh neither live nor dead the incubus
make it's home
Like an evil parasite,feeding on her undefiled soul,the
unholy embryo
takes form divine intervention bonding mortal man to
the dark lord...
Lord of evil,Prince of darkness we await the birth-the
sign-your black
salvation
Unborn child,devil spawn amidst the sound of rending
flesh we gaze upon thy
visage

Writhe and lament;hear the gnashing of teeth and the
wailing of souls
Black heaven sent;shepherd of the flock with a musical
staff and the
multitudes sing

None shall defy. NONE SHALL DEFY
