Back then she got me
My heart was aching
We lied and lied
We talked the nights away
Don't know what's wrong
My life or just me
Don't see a way out
Cant deal with the pain
But now were history
Stories told in a playful kind of way
Too much too long and so it ends for us
I dread to think of what could have been
A year has gone
Just let it all be
This is the real me
Its what Ive waited for
You were an angel
But you deceived me
This is where I get off
Here comes my stop now
But now were history
Stories told in a playful kind of way
Not for my eyes to see
For what I saw was another man
Embraced by your hand
Too much too long and so it ends for us
I dread to think of what could have been
