1973, 14th of january that's my birthday
but i'm still thirsty of youyou crossed my heart and
made it happen
my first inspiration before i start rappin'
no half steppin' ey yo peep my info
i need your love 'cause you play me like a dildo
you make me high like spanish fly
you make me loose my mind with one try

chorus: i need ya lovin' tonight
i'm so hooked on ya lovin'
(and it feels) so right

you're my everlasting sunshine it's time that i get mine
with one rhyme ey yo i heard it through the grapevine
that boy meets girl illmat!c meets pearl
l.o.v.e. that's how it is in this world
i used to hustle on the block but now shit's changed
i'm so hooked that's why i smile and rearranged
my criminal behaviour i'm saved now but i cry
'cause when you shake what your mama gave ya i die
no lie you make wild for the night like rampage
the last boyscout without any doubt

i'm on fire like pyro when we make love
and when i come i see the angels above
the glove burns and every night it's gettin' bigger
and when it comes to sex yo i'm a nasty nigga
like pullin' a trigga i spread out and it runs like forrest
xavier naidoo hook me up with the chorus

ah yeah what's that sound
everybody look what's goin' down
you're my sweet mamacita la isla bonita
like madonna my drugfree marihuana
with karma capricorns or what
illmat!c dedicate my brand new cutto my boo that's
true you're magic like voodoo
you got the juice and i don't wanna loose you

bridge: i found nobody who could make me feel
the way you do you made my heart stand still

just a thought of you gets me through the night
i need ya lovin' and it must be right
