Had nothing to do just the other day  
But that's my luck, whoa  
Couldn't help notice you walk by  
And that's my lust, whoa  
Skeletons in my closet  
I got three bucks in my pocket  
And I'm pretty sure you don't want none of me  
Whoa.

I didn't know if I could make it  
Know enough where I stand  
Find myself here in this punk-rock band  
I don't know how I would deal with disease  
I poured it all into philosophies  
I don't what I could  
Do with all the bullshit  
But it's piling up and  
I'm running out of room  
Whoa.

I see so much clearer now  
Maybe since the blue skies went away  
I can see for miles and miles  
Maybe just in vain.

Tell me if you like it  
Would you even buy it  
'Cause! 'Cause!  
Soon enough you'll realize  
You've been hypnotized  
By the recording companies  
From the starting to end and  
I didn't know what I could  
Do with all their bullshit  
But it's piling up and  
I'm running out of room  
Whoa.

I see so much clearer now  
Maybe since the blue skies went away  
I can see for miles and miles

Maybe just in vain.

I just wanna say  
That all of the things that you know  
Are lies put in place  
To hide what I don't wanna show, oh  
I'm not a king  
But if I just tell you one more  
I could have everything  
I have everything  
But I want something more
