"Freezing"

Visit "[Freezing](#)" on MotoLyrics.com

Golden sun you know it feels so warm
Still I'm freezing
No one knows me at all
Promises I know I made, lost all meaning
Nothing's left, tell me why
Everything I do is wrong
Still I'm trying to be strong and you know
All of this I do for us
And just maybe
We'll be us again

Hope this break will give me time to think oh whoa
Water all around and not a drop to drink oh whoa
If from this dream I ever wake
I will drink up and I'll fade away

And no regrets but now I miss the sound
Of you sleeping
How about you and I
Figure out what's wrong with this
Could it be that we exist
In a world not so complicated
You should know
I'll behave like Romeo
If he got old, never died
Should've cried her name out
Wish I could take the game out
And just be all those things
That we know that I can be
Such a tragedy

Hope this break will give me time to think oh whoa
Water all around and not a drop to drink oh whoa
If from this dream I ever wake
I will drink up and I'll fade away

Golden sun you know it feels so warm
Still I'm freezing
No one knows me at all
All of this I do for love
And just maybe

We'll find us again

Hope this break will give me time to think oh whoa
Water all around and not a drop to drink oh whoa
If from this dream I ever wake
I will drink up and I'll fade away

Hope this break will give me time to think oh whoa
Water all around and not a drop to drink oh whoa
If from this dream I ever wake
I will drink up and I'll fade
I will drink up and I'll fade away
I will wake up and you'll fade
