"Apokalypse"

Holy light of dawn is coming
Prince of darkness now retires
Packs of human wolves are howling
Chants of damned by Satan's Fire
Fire!

Who's the one to save your life?
Who's the one to save your life?

The final day - the final battle

Final Judgement's Call
Bleeding souls of Armageddon
Bloodshed plagues us all
Blessed enough to see the light
Blind enough to walk the night

Who's the one to save your life?
Who's the one to save your life
