Like the sun at my window  
In the morning when I wake  
I am taken without warning  
By the light in your face  
Sometimes it scares me darling  
This feeling of constant ache  
As if you came much closer  
My heart would surely break

Chorus:

It never ceases me to amaze me  
When it's said and done  
After all this time when I am with you  
I am always overcome  
Used to feel like I was drifting  
Always in and out of love  
Ever since you've been with me  
I can't stand to leave you arms

Chorus:

It never ceases me to amaze me  
When it's said and done  
After all this time when I am with you  
I am always overcome  
All this love  
All these years  
Made my life something real  
If I had never found you  
Don't think I would believe  
Love so strong could surround me  
That I could lift me off my knees

Chorus:

It never ceases me to amaze me  
When it's said and done  
After all this time when I am with you  
I am always overcome  
All this love  
All these years  
Made my life something real
