Five hundred and nine black sheep slowly jump over
me

As soon as I try to get you off my mind I fail

Another dreamless night watching the moon cross the
sky

Cursing the sun 'cause I know it has won again

Chorus:

I breathe in, breathe out

I'm stuck in those shadowed doubts

I'm feeling my way

So tired of seeing blind

But I breathe in, breathe out

There's nothing I can do now

Breathe in, breathe out

I'm raising my white flag high

I surrender myself though I'm not sure why

And I hate being wrong and I never let on when I am

But I'd rather lose my pride than lose you as mine

And I don't like to beg but I'm down on my knees this
time

Chorus:

I breathe in, breathe out

I'm stuck in those shadowed doubts

I'm feeling my way

So tired of seeing blind

But I breathe in, breathe out

There's nothing I can do now

Breathe in, breathe out

Why am I so stubborn for the sake of it

I bet I'd try to catch and tame the wind

And all the while I know that you would take me back

What's wrong with that

Chorus:

I breathe in, breathe out

I breathe in, breathe out

I'm feeling my way

So tired of seeing blind

But I breathe in, breathe out

Yeah I breathe in

Five hundred and nine black sheep slowly jump over
me
