I've heard you talking in circles for some time now and
Every word has been well abused
It's so predictable, no surprise now
But I'll keep listening to you

Dig in, digging deep, shelter, cover me
Finding far away you
Dig in digging deep, deeper into you
Finding far away me

You're taking walks up and down your mind
You're moving forward and then rewind
You just keep bending horizon's line
And I keep walking with you

Lost inside of you, inside of all I know, where is it that
we've gone
Lost inside of me, is it misery that's blinded me, I
cannot see

I watch you analyzing and drawing lines
No piece of paper will clarify
Where you're beginning and where you die
Inside

Lost inside of you, inside of all I know, where is it that
we've gone
Lost inside of me, is it misery that's blinded me, I
cannot see

Far far far away
Far far far away
Far far far away
Far far far away

Lost inside of you, inside of all I know, where is it that
we've gone
Lost inside of me, is it misery that's blinded me, I
cannot see

Far far far away

Far far far away
Far far far away
Far far far away

You're taking walks up and down your mind
You're Moving forward and then rewind
You just keep bending horizon's line
And I keep walking with you

Far far away
Far far away
Far far away
Far far away
