Dance with spirit Closer near it
Feel the presence Now don't fear it
I can take you with me If you follow
Fly trough forrest Hear their stories
Learn of things they've seen before us
I will share this all If you follow
If you trust me Paradise everywhere
My heart will take you there If you love me
My world is open to you If you follow
Drink the rain and Taste the sweetness
See the sky The way it sees us
Hold the sun and more If you follow
Touch the clouds And race the moonlight
Play with stars and Capture midnight
All of this is yours If you follow
If you trust me Paradise everywhere
My heart will take you there If you love me
My world is open to you And this is not just fantasy
Dream if you want to be If you meant to follow, follow
me
If you trust me Paradise everywhere
My heart will take you there If you love me

My world is open to you

What are you going to do Will you follow, Follow, follow
