Take on this mission, take the challenge, walk the line
No more frustration, liberation, I will fight
This is the moment, still the hunger, dry my eyes
And all the no-s and all the doubts are out of sight
Free of insecurities, I will not hide
All that was and used to be, is not denied

Wait your turn, be polite, miss politician
Or you'll get burned if you speak too soon, what a
transmission
Pay your debts, get a return, it's in the favors now
Who do you know, mind the gap, miss politician

The bigger name, the busy traffic, no more time
What do you want, if you are desperate, stand in line
Let's analyze your situation, let's define
Go face yourself and realize all that is true
And don't give up, just stick with me, I'll stick to you
This is a game, not serious, so what you do

Wait your turn, be polite, miss politician
Or you'll get burned if you speak too soon, what a
transmission
Pay your debts, get a return, it's in the favors now
Who do you know, mind the gap, miss politician

Take on this mission, take the challenge, walk the line
No more frustration, liberation

Wait your turn, be polite, miss politician
Or you'll get burned if you speak too soon, what a
transmission
Pay your debts, get a return, it's in the favors now
Who do you know, mind the gap, miss politician

Wait your turn, be polite, miss politician
Or you'll get burned if you speak too soon, what a
transmission
Pay your debts, get a return, it's in the favors now
Who do you know, mind the gap, miss politician
