There it is, I can see  
The little picture perfect me  
I have tried, using force  
But it always ends up tragically  
So I stay the way I am  
Just a crooked little outline  
I'm whole, then not, and back again  
Wondering when I'll ever find  
Someone who will take the time

Puzzle me  
Spread my heart out on your floor  
The pieces now are yours to put in place  
Rearrange, 'cause I'm scattered, undefined  
Hanging on by borderlines  
'Till you complete  
You puzzle me

Pick me up, lay me down  
Your touch  
It has turned me round  
Over time, patiently  
All the little clues you found  
Have shapened up to show  
You've pulled me together  
We fit and we both know  
Everything is better now  
Everything is better

Puzzle me  
Spread my heart out on your floor  
The pieces now are yours to put in place  
Rearrange, 'cause I'm scattered, undefined  
Hanging on by borderlines  
'Till you complete  
You puzzle me

And everything about me, suddenly made clear  
The empty spaces disappear, they disappear

Puzzle me

Spread my heart out on your floor  
The pieces now are yours to put in place  
Rearrange, 'cause I'm scattered, undefined  
Hanging on by borderlines  
'Till you complete

Puzzle me  
Spread my heart out on your floor  
The pieces now are yours to put in place  
Rearrange, 'cause I'm scattered, undefined  
Hanging on by borderlines  
'Till you complete  
You puzzle me
