Beyond blind sight, I walk behind and let love lead the way
It's deep inside, and my faith lies, it never fades away
But then I lost and left behind, I won't forget the tears
I've cried
Don't mind the coast for my own fight, lean towards the light

Still waiting, not fading,
My hunger, is still alive
Not giving, not stumble,
The wonder is in my eyes
Not lost in translation, because I'm facing the truth
inside
Reach for the light in me

So unresold, but no alone
I'm searching for a home
I picture me in words of sea, my dreams they have all
shore
I know my name, but who's the same, when everything
you knew is lost
I'm filled with hope that echo's loud, inside of forgotten
mind

Still waiting, not fading,
My hunger it's still alive
Not giving, not stumble,
The wonder is in my eyes
Not lost in translation, because I'm facing the truth
inside
Reach for the light

Silent wind, hold my sky,
Lift me from the ground
Follow you, trust in you

Still waiting, not fading,
My hunger, is still alive
Not giving, not stumble,
The wonder is in my eyes

Not lost in translation, because I'm facing the truth
inside
Reach for the light

Still craving,
See haven, and...
That I can hide the longing,
See strong and rely on all that I find
These faces, they haunt me
I see them day and night
Reach for the light

Still waiting, not fading,
My hunger, is still alive
Not giving, not stumble,
The wonder is in my eyes
Not lost in translation, because I'm facing the truth
inside
Reach for the light in me
