My head's full
My soul's on fire
Relentless you made me cry

When you tore a hole in my heart
And you broke me down part by part

You crashed into me
You crashed into me
I need you to leave
Just get up and leave

I almost surrendered
You almost made me believe
Feel like I'm picking up pieces
Looking in places I can't reach
We sat on the sun and you blinded me
Almost

Your footprints
Are everywhere
The scars here
Will they repair

Did you aim for me to break your fall
Nothing I said could make you stop

You crashed into me
You crashed into me

I almost surrendered
You almost made me believe
Feel like I'm picking up pieces
Looking in places I can't reach
We sat on the sun and you blinded me
Almost
Almost

You crashed into me
You crashed into me
You crashed into me

You crashed into me

I almost surrendered
You almost made me believe
Feel like I'm picking up pieces
Looking in places I can't reach
When you crashed into me

I almost surrendered
You almost made me believe
Feel like I'm picking up pieces
Looking in places I can't reach
We sat on the sun and you blinded me
Almost
Almost
