"Far Away"

I've heard you talking in circles for some time now
And every word has been well abused
It is so predictable, no surprise now
But I keep listening to you

Digging, dig in, deep shelter, cover
Finding, far away, you
Digging, dig in, deep, deeper into
Finding, far away, me

You're taking walks up and down your mind
You're moving forward and than rewind
You just keep bending horizon's line
And I keep walking with you

Lost inside of you, inside of all I know
Where is it that we've gone
Lost inside of me, is it misery that's blinding me
I cannot see

I watch you analyzing and drawing lines
No piece of paper will clarify
Where you're beginning and where you die
Inside

Lost inside of you, inside of all I know
Where is it that we've gone
Lost inside of me, is it misery that's blinding me
I cannot see

Far, far, far away
Far, far, far away
Far, far, far away
Far, far, far away

Lost inside of you, inside of all I know
Where is it that we've gone
Lost inside of me, is it misery that's blinding me
I cannot see

Far, far, far away
Far, far, far away

Far, far, far away
Far, far, far away

You're taking walks up and down your mind
You're moving forward and than rewind
You just keep bending horizon's line
And I keep walking with you

Far, far, far away
Far, far, far away
(No piece of paper will draw the line)
Far, far, far away
Far, far, far away
