Who throws out the lifelines  
Who can swim the deepest ocean  
Who can trust the sky won't fall  
Who can trust they know it all

All the whispers that I share  
All the moments by myself  
When I know that you're not here  
And I gather all my fears

And they're locked inside believe  
But they're not inside of me  
And it's fallen from a trust  
And it all resolves to dust  
Is it possible to see  
With every moment over  
What the reason was for me  
Was it love  
Was it love

Is it you who makes the sun rise  
Is it you who makes my eyes dry  
Was it you who gave it all  
Can I trust the sky won't fall

I have loved and I have hated  
I have jumped too soon then waited  
And everytime I've fallen down  
And everytime I almost drowned

And they're locked inside believe  
But they're not inside of me  
And it's fallen from a trust  
And it all resolves to dust  
Is it possible to see  
With every moment over  
What the reason was for me  
Was it love  
Was it love

So when I walk into walls  
Or run out of control

Or feel I've lost my soul  
Or I can't take no more  
And when all I know is lost  
I'm broken and alone  
When I am just a ghost  
Who's looking for her home  
Like Faith without faith

And they're locked inside believe  
But they're not inside of me  
And it's fallen from a trust  
And it all resolves to dust  
Is it possible to see  
With every moment over  
What the reason was for me  
Was it love  
Was it love  
Was it love
