Hey lady, can I get a minute of your attention
Say maybe, we can have a little conversation
I'm running by your grace
Everything's in position
Cause' your flawless from the bottom to the top up
I never seen a shawty strolling by so fly
The perfect DNA
Somebody had a plan for you

Your mother must have been
Your father must have been
Match made in heaven
Match made in heaven
Your parents must have been
A Queen and a King
A Match made in heaven
Match made in heaven (yeah), heaven (yeah), heaven
(yeah) (x4)

Hey lady, can you put down your information
And maybe, we can head over to my location
Attracted to your taste
You're in a mint condition
Cause' you're flawless from the bottom to the top up
I never seen a shawty strolling by so fly
The perfect DNA
Somebody had a plan for you

Your mother must have been
Your father must have been
Match made in heaven
Match made in heaven
Your parents must have been
A Queen and a King
A Match made in heaven
Match made in heaven (yeah), heaven (yeah), heaven
(yeah) (x4)

Mommy, can I get a minute of your time
Cause' I wanna get to know where you got your beauty
from

Lookin like you spent a whole year in the chair
At the local Beauty Salon
Damn, jaws droppin like a bag of stones
When you stroll by
Thinkin to myself, Uh Oh my
Never seen a shawty that's so fly, that's no lie
What you been eating on
Rice, beans, chicken bone
Wanna get a DNA test
Just to know what type of mode you're on
Blonde hair, hazel eyes, hips thick, angel line
Bona fide and so divine
Perfer black and perfect shine

Your mother must have been
Your father must have been
Match made in heaven
Match made in heaven
Your parents must have been
A Queen and a King
A Match made in heaven
Match made in heaven (yeah), heaven (yeah), heaven
(yeah) (x4)
