From the first time I met cha  
Baby, you a winner  
And I blame this on your record  
Know you independent  
Can't do nothing but respect ya  
So anything you say  
You want from me, my pleasure  
If you want the shiny diamond ring  
I'm gonna get it  
And if you want to travel overseas  
Girl I'm wit it  
Baby girl I told ya  
Not gotta show ya

You got me like oh, oh, oh, oh, oh

I'm betting you're the type of woman  
I can spend my life with  
Girl, you got it all  
And your qualities are priceless  
If you got a flaw about you  
You know I couldn't find it  
Gotta let you know  
You're number one on my list  
So if I say you're the one for me  
Best believe it  
With you is where I really wanna be  
Can't you see it?  
Baby girl I told ya  
Not gotta show ya  
I'mma give you everything you need

You got me like oh, oh, oh, oh, oh
