Yea. Tim, me and Olli have problems. Justin has none.

Ex-girlfriends in black Jettas
Everywhere I go, there it is
When I take a stroll, there she is
When I'm out the door, what I'm looking for
Same looking car that I saw 12 seconds ago

They're so popular you can't get away
Girls drive 'em in Encino
And they drive 'em in LA
Some are different, some are older
And their bodystyle is changed
But my heart will still jump
Because to me, they look the same

Ex-girlfriends, black Jettas
Ex-girlfriends, black Jettas
Ex-girlfriends, black Jettas
Ex-girlfriends, black Jettas

I get so scared
She's so filled with hate
Can't pay attention to my new girl
[Pssh... whatever!]
Is that her license plate?
[Oh my god, I'm trying to kiss you!]

They're so popular you can't get away
Girls drive 'em in Encino
And they drive 'em in LA
Some are different, some are older
And their bodystyle is changed
But my heart will still jump
Because to me, they look the same

Is that her [oh] license plate? [Oh shit!]
Is that her? [They're coming after me.] Check the rims.
[SCREEEECH.]About to crash,[Turn left, turn left, turn
left] I can't relax
[What the fuck is that?] Is that her? [let's go man,
check it out] I can't tell!
[whos's that girl?] They all look the same. Black Jettas!
[Who the fuck is that?]
They all play the game in black Jettas
Windows tinted [Oh shit], right side dented [heh-heh]
Last night one tried to kill me, I'm sure
I think it was her.
Black Jettas on the attack,
She was wearing a big straw hat.
Or was it a different haircut?
Or did she get fat? [oh no!]
I cannot tell, they look the same
Black Jettas are driving me insane!
