Uh.uhuhuh uhh.uh
Shes planning on faking her death
That's my chippewa baby doll
I was living on beacon hill
Somebody loves you too
Sometimes i get violent ill
Let me be somebodys mistake tonight
Cold in a sweat when im beddy-bye
Shes creeping in my head tonight
Im a gunner
With the pirahnahs
Approach with caution
We speak in martian
Shes shannah(?)
Watch out pirahnah
Approach with caution
We speak in martian

Girl and a boy
And the venomn gun
Oh oh ohhohoh
Loaded love in the desert sun

Im on this planet
So i knew you'd say "i can't stand it"
And it's true so sympathy love like
I said sympathy love like
Im gunna wait it on a 1-2-3-4
Wait it on a 1-2 be more
Wait it on a starslight starslight
Waitin for a light now right now

Im a gunner
With the pirahnahs
Approach with caution
We speak in martian
Shes shannah(?)
Watch out pirahnah
Approach with caution
We speak in martian

Girl and a boy
And the venomn gun
Oh oh ohohoh
Loaded love in the desert sun
Oh ohohoh
Girl and boy and the venom gun
Oh oh oh ohhohoh
Loaded love on the burning sunn

Venom gun load up
You aim for my head before you blowd up
We killed the hearts before we growed up
Its all over, and it's all oh don't stop
Lets blast off before we burn up
Its all over, and it's all over

When we talk in the light of the lawn it's like nothing
Nothing
When we fuck we're a loaded gun we abandone
We're just a girl and a boy
Girl and a boy
And the venomn gun
Oh oh ohhoho(girl and a boy and the venomn gun)
Loaded love in the desert sun
Oh ohohoh
Girl and boy and the venom gun
Oh oh oh ohhohoh
Loaded love on the burning sunn

Loaded love.
