Squeeze  
Like it, like it's a disease  
Keep your pants on  
Keep your knowledge burnin'

Something takes  
And something holds  
And something breaks  
The fucking mold

Kids, now listen  
Burning, burning, burning  
Down the back lawns

Hey you, come on kids  
Don't let yourself  
Feel safe now

Something takes  
And something holds  
And something breaks  
The fucking mold

Never trust  
Who wants control  
It's time to break

Breakin' out of the doldrums  
We're soldiers  
We want to break free, break free  
Bust out of the rules  
Fuck the rules, yeah  
Who's gonna make me, make me?

Breakin' out of the doldrums  
We're soldiers  
We want to break free, break free  
Bust out of the rules  
Fuck the rules, yeah  
Who's gonna make me, make me  
Make me, make me?

Freeze is a disease  
Yeah, come on  
Sorry, it's 1 2 now

So just fuck 'em up  
'Cause you're a brilliant star  
Yeah, just pump 'em up  
You know who you are

Something takes  
And something holds  
And something breaks  
The fucking mold

Never trust  
Who wants control  
It's time to break, break  
Break, break free

Breakin' out of the doldrums  
We're soldiers  
We want to break free, break free  
Bust out of the rules  
Fuck the rules, yeah  
Who's gonna make me, make me?

Breakin' out of the doldrums  
We're soldiers  
We want to break free, break free  
Bust out of the rules  
Fuck the rules, yeah  
Who's gonna make me, make me?
