A little girl was found dead
A sad thing for us all
She should have been
Somewhere else on that day
But things don't always turn that way

Just a child an innocent
Barely starting out
A lonely whisper through the trees
A wolf is victim shouts
Sometimes it seems that life's not fair
I want to scream does anybody care

There's not a day that goes by
That I don't wonder how you are
Always wondering if you're alright
I've prayed upon this tarnished star
Sometimes it feels that life's not fair
I want to scream does anybody care

Where's the justice
Where's her rights
Crucified
It brutalizes me

Memories come but fade away
Of times we've had so precious
I see your eyes every time I wonder why
Strange how inside it feels I've died

So cruel this hope it fades
So cold it tears me
How long must I wait
Before the sky I want to drown the sea

Sometimes it feels that life's not fair
I'm going to scream does anybody care

Where's the justice
Where's her rights
Crucified

It brutalizes me
