"Evils Rising"

Just beneath the surface in every man lies a beast
A sleeping demon stirred quite easily knows no peace

Out of the blue the clarity fades away
The animal starts to wake
Every resemblance of a man is torn away
Say the wrong thing, press my buttons and we're on
our way

The rage is growing
A primal instinct
Can't stop my hands shaking
Evil's rising

With a scream so fierce all I know is I see red
A shadow of my former self overflowing with hatred

Out of the blue the clarity fades away
The animal starts to wake
Every resemblance of a man is torn away
Say the wrong thing, press my buttons and we're on
our way

The rage is growing
A primal instinct
Can't stop my hands shaking
Evil's rising

I can see the fear taking hold of you
No longer the person you once knew

A restless presence once thought dormant is now
unleashed
The horrible thought that I may go too far is
guaranteed

Out of the blue the clarity fades away
The animal starts to wake
Every resemblance of a man is torn away
Say the wrong thing, press my buttons and we're on
our way

The rage is growing
A primal instinct
Can't stop my hands shaking
Evil's rising
The rage is growing
A primal instinct
Can't stop my hands shaking
Evil's rising

I can see the fear taking hold of you
No longer the person you once knew
