You tell me that you're waiting  
But I'm not waiting on you  
To fire that first shot in anger  
Like a stranger  
You know I'll always love you  
And the way you hate me too  
You still bear the scars left by me  
A parting gift for two  
But I've put that all behind me  
Selective memory

Your eyes stare up at me  
You're craving me more every moment  
You could never see that I am not the one

You'll never know  
That inside my heart is breaking  
Or why I go  
And offer myself up for the taking  
I wonder will I remember?  
This moment  
This feast for the hated

You're mine, though you hate to be  
You're hating yourself more for being here  
You could never see that I am not the one

You'll never know  
That inside my heart is breaking  
Or why I go  
And offer myself up for the taking

I wonder will I remember?  
This moment  
This feast for the hated  
Another moment together  
Creating this feast for the hated  
We try to stay apart  
Result's the same in the end  
When our tears have all dried out  
We'll find ourselves here again

You'll never know  
That inside my heart is breaking  
Or why I go  
And offer myself up for the taking

I wonder will I remember?  
This moment  
This feast for the hated  
Another moment together  
Creating this feast for the hated
