I watched a man fall to his knees
He screamed out sufferings my name
So lonely and incomplete
The pinnacle of torment and pain

Don't wanna hear those lies anymore
How can he change those regrets?
He wants to stop wasting his life
He wants to leave the past behind

Then I saw this man run to me
Inching away from a life of shame
A man who hungers to receive
And receives a chance once again

Don't wanna hear those lies anymore
When will you forgive or forget?
He wants to stop wasting his life
He wants to leave the past behind

Why do I walk this road without an ending?
Why must you keep me feeling old and empty?
Who are you to choose my path of conception?
They think I'm fooled, of paying the price
Discarded tool, look I'm between the vice

An easy frame up if I ever have seen
Peer through the looking glass of life's extremes
Gain for power knows no boundaries of pain
You're just a fool, who's paying the price
Another tool, watch as we turn the vice

One final step and there's no more pain
Nothing to argue no one to blame
A peaceful end has come at last
Time has come to let the bad things pass

Don't wanna hear those lies anymore
How can he change those regrets
Don't wanna hear those lies anymore
I will forgive but I won't regret

I say goodbye

Where will you go?

Where will you go?
