Lord, I can't breathe until the screams are whispers
My only peace is to send them into
Black dire black
It's the only answer to soothing my soul
Bleed, go violently
To the here after bullet riddled with laughter

There is no confusion, it's called evolution
I'm thinning out the herd my way
Natural selection modern day
My own revolution ends in execution
I'm thinning out the herd my way
Natural selection modern day

Lord, you know I can't breathe until the screams are
whispers
My only peace is to send them into
Black dire black
It's the only answer to soothing my soul
Bleed, go violently
To the here after bullet riddled with laughter

There is no confusion, it's called evolution
I'm thinning out the herd my way
Natural selection modern day
My own revolution ends in execution
I'm thinning out the herd my way
Natural selection modern day

Black dire black
It's the only answer to soothing my soul
Bleed, go violently
To the here after bullet riddled with laughter

There is no confusion, it's called evolution
I'm thinning out the herd my way
Natural selection modern day
My own revolution ends in execution
I'm thinning out the herd my way
Natural selection modern day
