We are one under a single banner  
United with a common goal  
Let's make this a night to remember  
Here's what you came here for  
A metal scream ignites the masses  
Heads banging as the guitars blaze  
Feel your adrenaline pumping faster  
We know this is what you crave

So, have the time of your life  
Light one up and burn  
Now's your time  
Metal thrashing mad in an old school way  
Throw the horns

Watch the floor erupt into a circle  
This is the place where real men are made  
Let out your fury and passion  
Everything's better with a side of pain  
Lost in a sea of denim and leather  
Bullet belts and spikes galore  
Months passed in anticipation  
This is what you've been waiting for

So, have the time of your life  
Light one up and burn  
Now's your time  
THROW THE HORNS!

The lights fade as the last notes rings out  
The smoke hangs as you finish your beer  
The stage emptied and the club starts to clear out  
Standing defiant with your fist in the air  
What a night of metal  
The band's called out for an encore  
They blaze through some of their best songs  
Just leaves you wanting more

So, have the time of your life  
Light one up and burn  
Now's your time  
Metal thrashing mad in an old school way

Throw the horns  
Now's your time  
Throw the horns
