### "Voice Of Prejudice"

Your perceptions of me are misguided  
Well I think it was time you were enlightened

Try looking again with an open mind  
You'll find I'm so much more  
You say you've already stated your opinion  
The voice of prejudice wins in the end

No, I, will not listen, your opinion, one sided, close-  
minded, a predetermined lie

Why can't you believe a different point of view?  
Or should I be biased just like you

Try looking again with an open mind  
You'll find I'm so much more  
You say you've already stated your opinion  
The voice of prejudice wins in the end

Now I'm, laughing at your ignorance, now I'm...  
Now I'm, moving past intolerance

No, I, will not listen, your opinion, one sided, close-  
minded, a predetermined lie

Why can't you come to terms with the truth?  
I am the same if not better than you

Try looking again with an open mind  
You'll find I'm so much more  
You say you've already stated your opinion  
The voice of prejudice wins in the end  
Mindset firm on your preconceived flawed decision  
The voice of prejudice wins in the end  
Once again, prejudice wins
