Shorty you keep playin' with my mind  
You tease me all the time but I had enough  
Maybe I should ask your girlfriends why  
Why you are so afraid to fall in love

Girl I won't get next to you  
You know I don't like sweatin' you  
But something 'bout the way you make me feel  
You got me in this fantasy  
And all my friends keep tellin' me  
Shorty's kinda hot, so what's the deal?

'cause we been spendin', rollin', livin', showin'  
We got some time for play  
But you've been player hatin', waitin'  
For this rhyme to pass away

Shorty you keep playin' with my mind  
You tease me all the time but I had enough  
Maybe I should ask your girlfriends why  
Why you are so afraid to fall in love

You only get the best with me  
I wanna give you everything  
And anything you ask of me I will  
And I don't want to front on you  
So tell me what you wanna do  
And if I'm not the one  
Just keep it real

'cause we been spendin', rollin', livin', showin'  
We got some time for play  
But you've been player hatin', waitin'  
For this rhyme to pass away

Shorty you keep playin' with my mind  
You tease me all the time but I had enough  
Maybe I should ask your girlfriends why

Why you are so afraid to fall in love

[Keith Murray]

Now first of all baby, what's my name?  
Spell it backwards you read game  
I'm known for splittin' wigs and readin' brains  
And when I say splittin' wigs and readin' brains  
I mean breakin' it down conversation-wise  
Let me explain

I'm in your corner, girl be on my team  
Together we could fulfill each other's life dream  
We both Gemini so we got 2 sides  
Our zodiac sign is the perfect sign  
Then she replied, "All Gemini's lie"  
I guess this is what it feels like when doves cry  
Your attitude is deep cover  
Won't give me the number  
Cold play me out like a foul out, bleep or a blunder  
It's like a burnin' in the chest, a cardiac arrest  
You look like you havin' fun puttin' me thru stress  
So in between time and in the meantime  
You do your thing and I do mine  
But don't play wit my mind

Shorty, shorty  
Won't you please get naughty with me  
And if you really wanna  
I can be your fantasy  
You are so afraid, oh baby

Shorty you keep playin' with my mind  
You tease me all the time but I had enough  
Maybe I should ask your girlfriends why  
Why you are so afraid to fall in love
