Last days of... the summer...

I remember the music
Our very last kiss
Watching you walk away
Leaving me hopeless, lost in a state
I can't explain!
Standing/Running (she won't come back) (2)
Love and forget uhooooooooooooo (2)
ohaaa I can't erase
ohaaa I still see your face

(REFRAIN)

Last days of the summer
some goes round, they may return
Last days of summer
Time has gone forever

Someone magic with madness fool
in his heartache
somebody somewhere holding, making the
same mistake
Amazing laughter hide in summertime
Love and forget

uhoo I can't erase
uhoo I still see your face

REFRAIN)

Last days of the summer
some goes round, they may return
Last days of summer
Time has gone forever

Love can't go back
You can't go back

Uhoooo I can't erase
uhooo i STILL SEE YOUR FACE
