Everywhere I go I just see faces touched by the crying  
winter wind.

All kinda trouble only traces  
circles of life we're moving in.

Here am I lost in a world without a chance.  
Your prisoner - just snap your fingers and I'll dance.  
The patterns in your eyes when you come alive

They never can disguise the way I feel inside.

Caught in the middle of a new dimension

Walking  
talking  
one direction

Can't be such a revelation  
captivates a generation.  
You tease and play with my emotions  
you want to take control of me.  
You'll never capture my devotion  
I'm here forever finally.  
The more I show the more I'm fighting

That's how I know that it's the right thing.  
Caught in the middle of a new dimensio  
Caught in the middle of a new dimension

...

The patterns in your eyes when you come alive

...

Caught in the middle of a new dimension

...

Caught in the middle of a new dimension

...

Caught in the middle of a new dimension. . . .
