So good, so right, so good, so right
Sunshine and the rain, pleasure and the pain
I found a reason not to cry
Goddess mesmerize, how you hypnotize, so good, so
right
Main attraction, so divine, strong reaction, so alive
Your every wish is my command
You look at me, I look at you, nothing more to say, so
good, so right

You make the moon just keep on shining
Colors like the rainbow in the air (so right)
Give every cloud a silver lining (so right)

So good, so right, so good, so right
At last I know it's real, this power I can feel
Paradise is here for us to see
Main attraction, so divine, strong reaction, so alive so
good, so right
It hurts me, I like it, you're everything to me
Deep inside I know you'll understand
You look at me, I look at you, nothing more to say, so
good, so right

You make the moon just keep on shining
Colors like the rainbow in the air (so right)
Can't get the cloud or so the lightning (so good, so
right)
(So right) You make the moon just keep on shining
Colors like the rainbow in the air (so right)
Give every cloud a silver lining (so good, so right)

So good, so right, so good, so right
So good, so right, da da da da, so good, so right da da
pow !

So good, so right, so good, so right
So good, so right

(So good, so right, so good, so right)
(So good, so right, so good, so right)

(So good, so right, so good, so right) So good, so right
(So good, so right, so good, so right)
(So good, so right, so good, so right)
(So good, so right, so good, so right) So good, so right

You make the moon just keep on shining
Colors like the rainbow in the air (so right)
Give every cloud a silver lining (so good, so right, so
good).
