Revin' up my engine like a seven forty seven
I'm a shiny lanky long and lean and I'm lean
Revin' up my engine, baby, like a seven forty seven
I'm a shiny lanky long and lean, what a scene

I'm gonna take my silver dollar, change it into quarter
Shove 'em in the record machine

Baby, said she loved me but then she went and left me
Causing such an awful scene, what a scene
Baby, said she needed me, you know the danger went
and left me
Causing such an awful scene, what a scene

Takin' my silver dollar, cheated in the corner
Shove 'em in the record machine, yes

'Cause I got my own way to rock, I got my own way to
roll
And when you're walkin' that walk it's good for your
soul

You know I'm singin' about
My own way to rock, I got my own way to roll
And when you're walkin' that walk it's good for your
soul

One, two, three, four

Revin' up my engine, baby, like a seven forty seven
I'm a shiny lanky long and lean, what a scene, hey
Revin' up my engine, baby, like a seven forty seven
I'm a shiny lanky long and lean, what a scene

Takin' my silver dollar, cheated in the corner
It's gonna shove 'em in the record machine

'Cause I got my own way to rock, I got my own way to
roll
And when you're walkin' that walk it's good for your
soul

Hand me another dollar, mama
Own way to rock, I got my own way to roll
And when you're walkin' that walk it's good for your
soul

Be bop a-loola, babe, wake up little Susie
Yes indeed I'm in love again
Come on over, I got a whole lot of shaking
Well I like it like that, yo

Alright, alright, alright, alright, alright, alright, alright
