Well nobody knows what's happened to Richard
Nobody hears only that day
Nobody knows what's happened to Richard
Hopin' his lucks holdin'
Hopin' he's getting' on okay
Hopin his luck's holdin'
Nobody here even saw him walking away

Everybody 'round here always liked Richard
Everybody 'round here had a kind word to say to the
boy
Nobody knows how he fell in with such questionable
man
But I'll tell you this
I'll tell you this
Somethin' has gone down
Somethin' has gone down
Hopin' his lucks holdin'
Hopin' he's getting' on
Hopin his luck's holdin'
Nobody here even realized Richard was gone

Spirits have come in pieces I pray
The enemy says that he's lost his way
Spirits have come and in pieces I pray
The enemy says that he's lost his way

Spirits have come and in pieces I pray
The enemy says that he's lost his way
Spirits have come and in pieces I pray
The enemy says that he's lost his way

Lines are holding trust, I say
Tell you we're coming another day
Spirits are coming in pieces I pray
The enemy says that he's lost his way

Well nobody knows what's happened to Richard
Nobody here saw him leave that day
Well nobody knows what's happened to Richard
Hopin' his lucks holdin'

Hopin' he's getting' on okay
Hopin' his lucks holdin'
Nobody here even saw him walking away

Spirits have come in pieces I pray
The enemy says that he's lost his way
Spirits have come and in pieces I pray
The enemy says that he's lost his way

Spirits have come in pieces I pray
The enemy says that he's lost his way
Spirits have come and in pieces I pray
The enemy says that he's lost his way

Lines are holding trust, I say
Tell you we're coming another day
Spirits are coming in pieces I pray
The enemy says that he's lost his way

Nobody knows
Nobody knows
Nobody knows
Nobody knows
Nobody knows
Nobody knows

Nobody knows

Nobody knows

Nobody knows

What happened to Richard
