Never been this blue
Never knew the meaning of a heartache
But then again, I never lost at love before

Somewhere down the road
Maybe all those years will find some meaning
I just can't think about them now or live 'em out
anymore

Never lasted so long, no
Through so much or through so many
I just can't believe I could throw it all away

Sometimes late at night
When there's nothing here except my piano
I'd almost give my hands to make you see my way

Stand tall, don't you fall
For God's sake don't go and do something foolish
All you're feeling right now is silly human pride

Oh, stand tall, don't you fall
Don't do something you might regret later
You're feelin' it like everyone, it's silly human pride

Never lasted so long, no
Through so much or through so many
I just can't believe I could throw it all away

Sometimes late at night
When there's nothing here except my old piano
I'd almost give my hands to make you see my way

Stand tall, don't you fall
For God's sake don't go do something foolish
All you're feeling right now is silly human pride
You've got me down on my knees for ya, mama

Stand tall, don't you fall
Don't do something you'll regret later
A feelin' it like everyone, it's silly human pride
Get up and [Incomprehensible]

Stand tall, don't you fall
[Incomprehensible]
You're feelin' it like everyone, it's silly human pride
