Timeless love is livin' on

Here in my heart baby and here in my song
I miss your laugh and I miss your smiles
I hope you hear this across the miles
And if you do, maybe my nights won't seem as long

So I'll sing about you in the morning sun
And I'll sing about you when my music's all done
Then I'll smile
Because it feels good even missin' ya

Now I'll sing about the day you said goodbye
Then I'll sing one to many and I'll start to cry
But that's okay
Because it feels good even missin' ya

Cry my memories away
They haunt me by night, honey and they chase me by
day
I think about what I left behind a piece of my heart and
a piece of my mind
But still and all they weren't enough to make you want
to stay, no, no, no

So I'll sing about you in the morning sun
And I'll sing about you when my music's all done
Then I'll smile
Because it feels good even missin' ya

Now I'll sing about the day you said goodbye
And I'll sing one to many and I'll start to cry
But that's okay
Because it feels good even missin' ya

Yes it feels good even missin' ya
Baby it feels good even missin' ya
I got you in my heart forever, missin' ya, missin' ya,
missin' ya
Little darlin' I'm missin' ya
I keep on missin' you forever, ever, ever, ever, ever
Oh I love you and I'm missin' ya
