I believe  
That faith moves the mountains of illusion  
You have the power to do it  
I believe

I believe  
There's something for me beyond the ending  
The ending is not the fading  
The eyes can't see it but you can feel it!

You wait for miracles  
My soul yearns for reality  
The truth is out there  
But it seems to be falling away from me

I believe  
The sands of the desert hide the truth  
And that ignorance is not a bliss

Before the mirror  
Pieces begins to fit  
I keep on thinking  
The wings are changing

Don't carry the weight of all past lives upon your  
shoulder  
But there are lessons that you keep  
Holding on the feelings and deciphering codes  
That's the way I realized what's true for me

I shall bleed  
No retract  
And you can't blind me

I see the hell and heaven  
Were forged for your lies  
Holding our hands in sins

One life  
One voice  
That echoes in eternity  
Under the sun of destiny

Faith that fights against an army of fanatics  
I'm just a wanderer  
But I believe...

... in love
