CHORUS:

I like her but, I love you
She wants me and you do too
But if you ask me who, it's always been you
I like her smile, but I like your style
you're the only one my heart desires...
I gotta tell the truth it's always been you

[Olamide]

Somebody saw me yesterday, out at the movies
With some other girl
They told you something's going on
And now you got it in your mind that
I've been playin' but baby I'm sayin'
I never meant to do you wrong

[Jamal]

Now you wanna know if I'm down with you alone,
baby I'm admitting
I was only trippin you are my only love

[Olamide]

I always thought about,
How I could get her
But when I was with her
I only thought about you (baby)
So don't ever feel that I'll leave you hanging
Girl, your love is banging...
And I ain't about to let you go (oh,no)

[Jamal]

It ain't so hard to choose (so hard to choose)
It's you I don't wanna lose
If those crazy thoughts get in your head
They'll turn you away from me

CHORUS

[Olamide]

whenever we're together
I can't get any better

[Jamal]
So when they bring you the stories
baby don't believe a thing

[Olamide]
Cause You'll always be my lady
And she'll only be my friend (oh, i love you)
and I don't know what to do without you

Chorus to fade

Your the only one the only girl I want
No one else can come between us you know
(anything for you)
