Ohhh
I had to put the photographs of you away
It hurts so much to see you smile at me
Since you've been away I feel an empty space
That will never be replaced wid memories

Ohhh
I can't believe that it's over
But this sure is a shame
But luv was not enough to make you stay
So I had to say goodbye to yesterday
You went away

(chorus)
I tell myself that I'm not missing you
(I'm not missing you)
But my heart it jus wont listen (jus wont listen)
Even though I tell it to
I think about it all the time
Can't see to get you off my mind
And it jus wont seem to matter what I do
Can't stop missing you (missing you)
I'm missing you

Never thought each breath was gonna hurt soo much
The heavy on my heart jus won't subside
The time we spent together was jus not enough
So I guess that's why I jus can't say goodbye..noo

Ohh
I can't believe that it's over
That the ties have all been freed
Still I'd give the world jus to have one more day
(one more day)
Jus a chance for me top hold u close and say
Please don't go away

(chorus)
I tell myself that I'm not missing you
(I'm not missing you)
But my heart it jus wont listen (wont listen)

Even though I tell it to
I think about it all the time (bout it all the time)
Can't see to get you off my mind
And it jus wont seem to matter what I do
Can't stop missing you

Time will heel my wings and let me fly
(far away)
Far above the rive that I cry,ohhh
High above the borrow that has kept me from the truth
Somewhere out there you've been missing me ike I've
seen missing you
(chorus)
