I'm lost in the tide  
The truth I must find  
Sailing in the sea of chance

No lighthouse in sight  
A shipwreck adrift  
In a rebelling sea

"Nomine too in acternum"

[The Drowned]  
"Reto senso. Rumo certo.  
Mero credo. Vil desperto.

Tal pensar. Ardil Concreto.  
VÃ£o. EfÃªmero. Disperso."

[Soul]  
I am a philosopher lost across the sea  
How could it be fair If my opinion was so brief  
Until I incur conclusion over something I don't know  
I have to navigate in this great sea of chance

How could I blindly believe  
(In all those waves of things)  
I cannot stay anchored here  
(In the sea of uncertainties)

A sea where many rivers and their streams flow  
All of them laid down a sand of truth that I must know  
We all are an intertwine of ideas and thoughts  
Of which we create an ocean of information  
What is the flow of the truth?  
(Wind blows from different sides)  
I won't let myself drown in illusion

I realize  
I'm just one drop  
I'm part of this same sea  
But I can be a part of the  
Wind that blows on my ship

Hence, don't take offence  
Hence, do not disturb  
Awake Poseidon's rage

I am the sea  
I am the word  
I'm one drop on this wave  
Someday you'll find  
Drifting away  
All the things you became

Don't try to cast disgrace on me  
(I'll take all boats away)  
All evil cast flows into the same sea

I learned someday  
I'm just one way  
I'm part of this same sea  
But I can be a part of the  
Wind that blows on my ship

I realize  
I'm just one drop  
I'm part of this same sea  
But I can be a part of the  
Wind that blows on my ship

I'm the action, reaction
