Chorus

I maybe a young boy
But I know a little something about love
Give me a chance and I'll show you
Something about love
I maybe only 15
So baby put your loving on me
Give me a chance and I'll show you Something about
love

Verse One:

I see you everyday after school
You smile back when I smile at you
You're telling me that your friends say
That I'm too young
But I'm trying to let you know
That I can hold my own ooohh

Chorus

I maybe a young boy

But I know a little something about love Give me a
chance and I'll show you
Something about love
I maybe only 15
So baby put your loving on me
Give me a chance and I'll show you
Something about love

Verse Two:

Coming a lil closer let's walk
Put your hands in mine and let's talk
And girl my wish would be to kiss you don't be afraid
Tell me you'll be mine
So come on if you feel like it it's on

Verse Three:

You'll never find a love like mine
Even though you're much older
Give me a chance of my romance
I'll love you forever

You'll never find a love like mine
Even though your much older
I can make you believe
That I'm the best thing
So baby keep in me mind

Chorus

I maybe a young boy
But I know a little something about love
Give me a chance and I'll show you
Something about love
I maybe only 15
So baby put your loving on me
Give me a chance and I'll show you
Something about love

Chorus-(repeat until end)
