Intro:

(jamal)

I know you didn't mean

To make me cry

But you had to go

(olamide) [talking]

Ever since I heard you were goin'

I haven't been able to eat

I haven't been able to sleep

Girl, I just hope this is a bad dream

Verse 1: (olamide)

Last night I heard you were leaving

I'm all alone again

You were my only bestfriend

I'll never forget

Why didn't we last?

Why did it end?

How can I love someone ever again

Verse 2:

You went away (check this out)

I had so much to tell you baby

I wanted to show you my heart

(see my heart, see my heart)

Forever still this pain I still feel

From you leaving me

Time will only heal

I'll never forget

You're my bestfriend

So tell me how can I love someone ever again?

Hook:

Baby, you know I'm crying (I'm crying, baby)

It's killing me (it's killing me) to think about you

It's because you're gone (because you're gone)

I can't go on ( I can't go on)

How can I love someone ever again?

Ever again

Verse 3:

Now is the time that that we say goodbye forever

How can I love someone?  
Haw can I love someone?  
(say it) ever again (ever again, again...)

Hook:

You know I'm crying (I'm crying, baby)  
It's killing me ( it's killing me) to think about you  
It's because you're gone (because you're gone)  
I can't go on  
How can I love someone ever again?  
Ever again...oh yea
