Walking alone
Alone I am cold
Hopeless and dry
Tears in my eyes
Perfect night
I shelter to my own eternally
Of my lonely soul
Of my lonely soul

And then she came
And grace by it's voice
An echo whisper for a lovely cause
Dressed with a smile
A never ending sign
This is my chance
To feel an empty life

Forever hold your pain
For I will give you same
For I will give you same

Hold my hand
Don't let go
For all I know
I'll be seeing you from above
If you fall
I will carry your show
For this I thank
To hold everything above

Burn this life
Of fame and fantasy
An ending hymn
To those who lead their need

Forever hold your pain
For I will give you same
For I will give you same

Hold my hand
Don't let go

For all I know
I'll be seeing you from above
If you fall
I will carry your show
For this I thank
To hold everything above

Hold my hand
Don't let go
For all I know
I'll be seeing you from above
If you fall
I will carry your show
For this I thank
To hold everything above
