Batman:

C'mon baby
You know me I need a juicy-fruity
I could really sink my teeth into
You're so sweet (Yeah)
I get diabetes and my greetings
I just wanna be alone with you

You're the flavor of my month
I think about you all the time
A girl like you needs someone like me, yeah

I got da munchies for you baby
You got the flavor I adore (I adore)
I got da munchies, for you baby
C'mon let me munch you up
Let me munch you up, oh

Batman:

Oh my love
Guess who's thinkin' of over-under
Up-less pleasure into your wildest dreams
Batman (Guess again)
Munchie man (Yo let me in)
I just wanna eat you up

You're the flavor of my month (Of my month)
I think about you all the time (All the time)
A girl like you needs someone like me, yeah

I got da munchies for you baby
You got the flavor I adore (I adore)
I got da munchies, for you baby
C'mon let me munch you up
Let me munch you up, oh

I got da munchies (8x)

Munchies, munchies

Romeo: Romeo's givin' yourself
Up to your feed-belt
Batman: Dreadin' all your wishes
With the Hershey's kisses, and this is
Romeo: A way of dribble to the munch though
Behold, the next Immature episode
Half-Pint: Let me munch, let me crunch, yo check it
Romeo: Romeo to keep check 'em
Comin' every second
Batman: Even little man gets the munchies
Every now and then
As my friends yo
Fellas am I in, yeah

I got da munchies
I got da munchies
I got da munchies
I got da, I got da

Chocolate chip, cool whip
Almonds your vanilla crunch
All those are the girls get on my face
You're my lifesaver
You're my favorite flavor baby
You're the only one I want
I wanna munchie only one I want

I got da munchies for you baby
You got the flavor I adore (I adore)
I got da munchies, for you baby
C'mon let me munch you up, let me munch you up, oh

I got da munchies (Repeat 'til music fades)
