Hey now ladies guess who's back
L.D.B. Romeo and Bat
For the 99 it's fat stack
Yo ra ra about to rip the track
You took my heart and ran with it
Why you so damn scandalous?
I found a chick who could handle this
Bye bye love 'cause I'm through with this

Oh my God what'd I do?
I'm caught up in your game with you
My best friend's girl what a shame
Why did you play these silly games?
Try to put the blame on me
I always knew you were a freak
I seen you lookin' right away
Girl you've got a bomb body

I should've seen it comin' when you stepped to me
You're like my sis never thought it would be
But there was somethin' that you did when you looked
at me
That made me wanna get a little bit freaky
"Then I started thinkin' about my boy," he said
What would he do if he knew?
His homie was creepin' with you

Keep it on the low
We never should've did it
Yo girl, my best friend
He can never know
Get up and get your stuff girl, you must go
Keep it on the low
We never should've did it yo girl, my best friend
He can never know, oh, oh, oh

Oh no can't talk to you
Take it to the source what I can not do
Gotta stop now, 'cause every night
All of this stuff ain't worth the fight
My homie comes first that's how it goes

Can't keep dealin' with you silly hoes
Buyin' your stuff and playin' the role
Baby I don't need you, no, no

I should've seen it comin' when you stepped to me
You're like my sis never thought it would be
But there was somethin' that you did when you looked
at me
That made me wanna get a little bit freaky
Then I started thinkin' about my boy, he said
What would he do if he knew?
His homie was creepin' with you

Keep it on the low
We never should've did it
Yo girl, my best friend
He can never know, never know
Get up and get your stuff girl, you must go
Keep it on the low
We never should've did it yo girl, my best friend
He can never know, oh, oh, oh

Isn't that your curiosity
Doesn't mean a thing to me
As I reach for the sky
There's no need for me to lie
'Cause my love for him is strong
I must hold on

Immature come on dance with me
Romeo, Batman, L.D.B.
Everybody come on dance with me
Yeah, come on, come on, dance with me
Can't forget Chris B-Z
Everybody in the house dance with me
Everybody in the house dance with me
Come on, come on, come on, come on

Keep it on the low
We never should've did it
Yo girl, my best friend
He can never know
Get up and get your stuff girl, you must go
Keep it on the low
We never should've did it yo girl, my best friend
Keep it at the low, oh, oh, oh

Keep it on the low
We never should've did it yo girl, my best friend
Keep it on the low
Get up and get your stuff girl, you must go

Keep it on the low
We never should've did it yo girl, my best friend
Keep it at the low, oh, oh, oh
Keep it on the low, oh
